| * See explanation                            | *DVR and in .ts format, and 1080p only from HDMI-in           |     |                                                                 |     | * Price from <a href="#">GetEPV</a>                                          |     |                                                                |     | * FOV: Horizontal/Vertical: 140°/120°                                                             |     | * Price from <a href="#">GetEPV</a>  |     | * FOV: Horizontal/Vertical: 140°/120°                                                                  |     |                         |     | * FOV: Horizontal/Vertical: 140°/120°                          |     | *Adjustable distance to the lenses. Although IPD control is mentioned, I suspect this actually refers to focusing rather than the distance between the eyes. |     | These are VR02 model goggles with a DVR function (and a smaller FOV). |     |                                |     | * Although diopters or IPD are not mentioned, the photo suggests it is possible to adjust the distance between the screen and the eyes. |     |                               |     |
|                                              |                                                               |     |                                                                 |     |                                                                              |     |                                                                |     |                                                                                                   |     |                                      |     | *The manufacturer specifies an adjustable focal length of only 20 mm—likely within the -6 to +2 range. |     |                         |     |                                                                |     |                                                                                                                                                              |     |                                                                       |     |                                |     |                                                                                                                                         |     |                               |     |
